The Healthcare Quality Handbook Content Outline
The 2007-2008 International CPHQ Examination Content Outline
The 2004-2007 International CPHQ Examination Content Outline

INTRODUCTION

Study Questions, Addenda, and Attachments at end of Chapters

CHAPTER I: HEALTHCARE QUALITY CONCEPTS

- I - 1. Thoughts on Quality**
 - 1.1 Quotes on Quality
 - 1.2 Definitions of Quality in Healthcare
 - 1.3 Three Aspects of Quality
 - 1.4 Key Dimensions of Quality Care/Performance
- I - 2. Movements in Quality in the U.S.: A Brief Look Since the 1970s**
 - 2.1 The Joint Commission Evolution
 - 2.2 Change in Emphasis
 - 2.3 The Wave of Change in Utilization Management
 - 2.4 The Risk Reality
 - 2.5 The Concept of Value
 - 2.6 Quality, Cost, and Risk Integration
 - 2.7 The Traditional Departmental or Compartmentalized Approach
 - 2.8 Distinguishing Services from Products
 - 2.9 Where is Quality Going Next?
 - 2.10 The IOM Report: *Crossing the Quality Chasm*
- I - 3. The Quality Umbrella**
 - 3.1 Definition of Quality Management/Improvement
 - 3.2 An Integrated Perspective
 - 3.3 Quality Management Principles
 - 3.4 Total Quality Management Philosophy
 - 3.5 Continuous Quality Improvement Process
 - 3.6 The Juran Model of Quality Management
- I - 4. Structure, Process, and Outcome**
 - 4.1 The Paradigm
 - 4.2 The Process Approach
 - 4.3 The Concept of Process Variation
 - 4.4 Outcomes Management
- I - 5. Systems Thinking**
 - 5.1 Concepts of Systems Thinking
 - 5.2 Processes in Systems Thinking
 - 5.3 System, Function, Process, Step
 - 5.4 Lean Thinking
- I - 6. The Concept of Customer**
 - 6.1 Definitions
 - 6.2 Customers of a Healthcare Provider Organization
 - 6.3 Healthcare Consumer Expectations in the 21st Century
 - 6.4 The Customer Focus

- 6.5 Tools Used to Identify Customers and Their Needs
- I - 7. The Healthcare Organization**
 - 7.1 Corporate Accountability and Liability
 - 7.2 Ownership
 - 7.3 Organizational Culture
 - 7.4 Redesigning the Organization
 - 7.5 Integrated Delivery Systems
 - 7.6 A "Seamless" Continuum of Care
- I - 8. Healthcare Delivery Settings**
 - 8.1 Care Stages and Delivery Settings
 - 8.2 Ambulatory or Primary Care
 - 8.3 Home Care
 - 8.4 Hospice Care
 - 8.5 Subacute Care/Transitional Care
 - 8.6 Medicare Skilled Level of Care
 - 8.7 Long Term Care/Supportive Services
- I - 9. Insurance Coverage**
 - 9.1 Universal Coverage
 - 9.2 U.S. Coverage
 - 9.3 Managed Competition
 - 9.4 The Continuum of Insurance Coverage (U.S.)
- I - 10. Managed Care**
 - 10.1 Managed Care Concepts
 - 10.2 Managed Care/Healthcare Trends in the U.S.
 - 10.3 Managed Care Systems
 - 10.4 Managed Care Outside the U.S.
- I - 11. Reimbursement Systems**
 - 11.1 Types of Reimbursement Systems in the U.S.
 - 11.2 Prospective Payment Systems
 - 11.3 The Medicare Hospital Prospective Payment (DRG) System
 - 11.4 The Resource-Based Relative Value Scale (RBRVS)
 - 11.5 Outpatient Prospective Payment System (OOPS)
 - 11.6 The U.S. Medicaid System
 - 11.7 Managed Care Provider Reimbursement
 - 11.8 Pay-For-Performance (P4P)
- I - 12. Historical Review**
 - 12.1 The Pursuit of Quality
 - 12.2 The Ambulatory Care Quality Pursuit in Brief

CHAPTER II: STRATEGIC LEADERSHIP

- II - 1. Leadership and Commitment to Quality**
 - 1.1 Leadership Concepts
 - 1.2 Leadership Styles
 - 1.3 Leadership Links to Organizationwide Quality
 - 1.4 The Joint Commission Leadership Function
 - 1.5 NCQA Standards Related to Leadership
 - 1.6 The Baldrige Award Criteria for Leadership
 - 1.7 The ISO 9000:2000 Leadership Principle
- II - 2. The Role of the Healthcare Quality Professional**
 - 2.1 The Healthcare Quality Professional
 - 2.2 The HQF's Year 2000 QM Professional
 - 2.3 Professional Contributions to QM/PI
 - 2.4 Gaining and Giving Support for Healthcare Quality Activities

- II - 3. Organizational Infrastructure in the U.S.**
 - 3.1 Governance
 - 3.2 Management
 - 3.3 Licensed Independent Practitioners in the U.S.
- II - 4. Organizational Ethics**
 - 4.1 Definitions and Description
 - 4.2 W. Edwards Deming's Quality Values Applied to Ethics
 - 4.3 External Criteria and Standards
 - 4.4 The Healthcare Quality Professional's Role
- II - 5. Organizationwide Functions**
 - 5.1 Definitions and Description
 - 5.2 The Joint Commission's Perspective on Functions
 - 5.3 The Functional Approach
- II - 6. Strategic Planning and Quality Planning**
 - 6.1 Strategic Alignment
 - 6.2 Strategic Planning Basics
 - 6.3 Traditional Strategic Planning Process
 - 6.4 An Alternative Strategic Planning Process
 - 6.5 Community Cultural/Linguistic Competency Assessment
 - 6.6 Strategic Quality Planning
 - 6.7 Strategic Quality Initiatives
 - 6.8 The Strategy-Focused Organization
- II - 7. The Organizational Plan for Patient Care Services**
 - 7.1 The Joint Commission Standard
 - 7.2 Organizational Plan Content

CHAPTER III: QUALITY SYSTEMS MANAGEMENT

- III - 1. Principles of Management**
 - 1.1 Definition
 - 1.2 General Management Processes
 - 1.3 Management Obligations for Effectiveness
- III - 2. Planning the Quality Strategy and Process**
 - 2.1 Influences and Prerequisites
 - 2.2 Planning and Design
 - 2.3 Building Effective Structure
 - 2.4 Integration of Quality Functions
 - 2.5 Quality Management and Accreditation
- III - 3. The Quality Strategy: The Written Plan**
 - 3.1 Requirements for Written Plans
 - 3.2 QM/PI Plan Sample Content Outline for Provider Organizations
 - 3.3 QM/QI Plan Sample Content Outline for Health Plans
- III - 4. The "Quality Resource Center"**
 - 4.1 Organizationwide Resource
 - 4.2 Internal Quality Management
- III - 5. Implementation of the Quality/Performance Improvement Strategy**
 - 5.1 Quality/PI Council
 - 5.2 QM/PI Information Flow
 - 5.3 QM/PI Plans and Documents
- III - 6. Utilization/Resource Management**
 - 6.1 Background
 - 6.2 Description
 - 6.3 Components of Utilization Management
 - 6.4 Effective Utilization Management
 - 6.5 Resource Management

- 6.6 Managed Care Utilization Management
- 6.7 The Written Plan
- 6.8 Utilization Management and Accreditation
- III - 7. Care Coordination**
 - 7.1 Overview
 - 7.2 Case Management
 - 7.3 Population Management
 - 7.4 Patient Flow Management
 - 7.5 Patient-Centered Care
 - 7.6 Discharge Planning/Transition Management
 - 7.7 Skilled and Long-Term Care Assessment
 - 7.8 Accreditation Standards
- III - 8. Risk Management**
 - 8.1 Definitions and Goals
 - 8.2 Governance Oversight Responsibilities
 - 8.3 Professional Liability
 - 8.4 Risk Management as an Organizationwide Performance Improvement Process (Providers)
 - 8.5 Program Components Overview
 - 8.6 Clinical Component: Loss Prevention and Reduction
 - 8.7 Administrative Components
 - 8.8 Organizationwide Early Warning System
 - 8.9 The Written Plan
 - 8.10 Risk Management and Accreditation
- III - 9. Patient Safety Management**
 - 9.1 A Patient Safety Culture
 - 9.2 Medical Error
 - 9.3 Patient Safety Goals and Safe Practices
 - 9.4 The Patient Safety Program
 - 9.5 The Role of Technology in Patient Safety
 - 9.6 Sentinel Event Process
- III - 10. Corporate Compliance**
 - 10.1 Background and Concept
 - 10.2 Compliance Programs
 - 10.3 The Healthcare Integrity and Protection Data Bank (HIPDB)
- III - 11. Financial Management**
 - 11.1 Financial Management
 - 11.2 Financial Planning
 - 11.3 Financial Monitoring and Reporting
 - 11.4 Financial Decision Making
 - 11.5 The Financial Side of Quality
- III - 12. Quality Management Elements in Contracts**
 - 12.1 QM Elements at the Provider Level
 - 12.2 Management of QM Elements within Managed Care Contracts

CHAPTER IV: PERFORMANCE IMPROVEMENT PROCESSES

- IV - 1. Quality Management and Performance Improvement**
 - 1.1 The Quality Management Trilogy Revisited
 - 1.2 Performance Improvement Concepts
 - 1.3 The QM/PI Function and the Juran Model
 - 1.4 The Design Process
 - 1.5 The Monitoring Process
 - 1.6 The Analysis Process
 - 1.7 The Improvement Process
 - 1.8 The Joint Commission Standards for Improvement of Organization Performance

- 1.9 The NCQA Quality Management/Improvement Process
- 1.10 The Baldrige Award Criteria for Process Management and Results
- 1.11 The ISO 9001:2000 Standards for Quality Management
- 1.12 Prioritizing for Performance Improvement
- 1.13 Traditional "Monitoring and Evaluation" Process
- IV - 2. U.S. Federal Quality Improvement Programs**
 - 2.1 Health Care Quality Improvement Program (HCQIP)
 - 2.2 Quality Improvement System for Managed Care (QISMC)
- IV - 3. The Organization's Approach(es) to Process Improvement**
 - 3.1 Characteristics of all Approaches/Models
 - 3.2 Approaches/Models Discussed
- IV - 4. Performance Measurement**
 - 4.1 Concept of Performance Measurement
 - 4.2 Tools of a Performance-Based QM System
 - 4.3 Performance Measurement in the Juran Quality Management Cycle
 - 4.4 Characteristics of Performance Measures/Indicators
 - 4.5 Performance Measure Selection/Development
 - 4.6 Performance Measurement Systems
 - 4.7 Report Cards: Public Reporting
 - 4.8 Sharing Performance Measure Resources
- IV - 5. Outcomes Measurement**
 - 5.1 Definition and Description
 - 5.2 Possible Healthcare Outcomes
 - 5.3 Outcomes Measurement as a Component of Quality Improvement
- IV - 6. Clinical Process Improvement**
 - 6.1 Clinical Standards Development and/or Use
 - 6.2 Clinical Pathway Development
 - 6.3 Adjusting for Severity/Complexity of Illness
- IV - 7. Organizationwide Monitoring and Analysis Processes**
 - 7.1 General Review Process
 - 7.2 Organizationwide Clinical Review Processes
 - 7.3 The Infection Surveillance, Prevention, and Control Function
- IV - 8. Patient Safety and Risk Reduction**
 - 8.1 A Safe Environment
 - 8.2 Medical Error
 - 8.3 The Patient Safety Program
 - 8.4 Sentinel Event Process
 - 8.5 Root Cause Analysis
 - 8.6 Failure Mode and Effects Analysis (FMEA)
 - 8.7 Examples: New Ideas and Innovations
- IV - 9. Benchmarking and "Best Practice"**
 - 9.1 Definitions
 - 9.2 Concepts
- IV - 10. Department Service Responsibilities**
 - 10.1 Collaboration
 - 10.2 Joint Commission Service-Specific Leadership Standards
 - 10.3 Performance Improvement (All Settings)
 - 10.4 Hospital Department/Service Performance Improvement
- IV - 11. Nursing Responsibilities**
 - 11.1 Quality Nursing Care
 - 11.2 Nurse Executive Leadership in Hospitals
 - 11.3 Performance Improvement
- IV - 12. Physician/Licensed Independent Practitioner Leadership Responsibilities for Quality of Care**
 - 12.1 Performance Improvement

- 12.2 "Cross-Functional" Reports and Agendas
- IV - 13. The Practitioner Appraisal Process**
 - 13.1 Credentialing of Licensed Independent Practitioners
 - 13.2 Clinical Privileging/Reprivileging Process
 - 13.3 Accreditation Standards for Credentialing and Privileging
 - 13.4 Practitioner Profiling: Current Competency Review
 - 13.5 Peer Review
 - 13.6 Appointment/Reappointment
- IV - 14. Patient/Member Advocacy and Feedback Processes**
 - 14.1 Patient/Member Rights and Responsibilities
 - 14.2 Patient/Member Feedback Processes
 - 14.3 Patient and Family Education Process
- IV - 15. Communication and Reporting**
 - 15.1 Communication of QM/PI Activities
 - 15.2 Consideration of Confidentiality and Nondisclosure
 - 15.3 Reporting Mechanisms
 - 15.4 Reporting to the Governing Body
 - 15.5 Integration within the Organization
- IV - 16. Evaluation of the Quality Management/Performance Improvement Function**
 - 16.1 Components of Excellence
 - 16.2 Evaluation of PI Processes and Outcomes

CHAPTER V: INFORMATION MANAGEMENT

- V - 1. Information Management**
 - 1.1 Definition and Goal
 - 1.2 Why Data and Information Management?
 - 1.3 Information Management Process
 - 1.4 Decision Making Processes
- V - 2. Information Resources and Education**
 - 2.1 Types of Information Available
 - 2.2 Indexes
 - 2.3 Registers
 - 2.4 National/International Resources
 - 2.5 Health Information Management Professionals
 - 2.6 Networking
 - 2.7 Potential Data Sources
 - 2.8 Data Inventory Process
 - 2.9 Electronic Health Record/Information Technology
 - 2.10 Organizationwide information management Education
- V - 3. Joint Commission Standards for the Management of Information**
 - 3.1 Information Management Standards Focus
 - 3.2 The Planning/Management Standards
 - 3.3 Patient-Specific Data/Information Standards
 - 3.4 Aggregate Data/Information Standards
 - 3.5 Knowledge-Based Information Standards
- V - 4. Management of the Legal Aspects**
 - 4.1 Confidentiality of Patient/Peer Information
 - 4.2 Security of Electronic Patient Information
 - 4.3 Conflict of Interest
 - 4.4 Peer Review Immunity in the U.S.
- V - 5. Informed Consent**
 - 5.1 Description
 - 5.2 Process

- V - 6. Management of Documentation**
 - 6.1 Types of Documentation
 - 6.2 Content and Format of Minutes
 - 6.3 Joint Commission Information Accuracy and Truthfulness Policy
- V - 7. The Medical Record**
 - 7.1 Purposes of the Medical Record
 - 7.2 Content of the Medical Record
 - 7.3 The Medical Record as a Monitoring/Review Tool
 - 7.4 Medical Record Review Process
- V - 8. Epidemiological Theory and Methods**
 - 8.1 Definitions of Epidemiology
 - 8.2 Contributions of Epidemiology to Quality Management
 - 8.3 Epidemiological Concepts and Methods
- V - 9. Defining the Population**
 - 9.1 Entire Population
 - 9.2 Sampling
- V - 10. Data Collection Techniques**
 - 10.1 Desired Characteristics of Data Collection
 - 10.2 Collection Principles and Concepts
 - 10.3 General Collection Methods
 - 10.4 Focusing
 - 10.5 Data Collection Tools
 - 10.6 Organization of Data
 - 10.7 Special Considerations
- V - 11. Basic Statistics**
 - 11.1 Definitions
 - 11.2 Types of Data
 - 11.3 Statistical Process Control
 - 11.4 Statistical Handling of Numbers
- V - 12. Display Techniques**
 - 12.1 Tables
 - 12.2 Graphs
- V - 13. Analysis and Interpretation**
 - 13.1 Analysis Process
 - 13.2 Pattern/Trend Analysis
 - 13.3 Group Analysis Techniques
 - 13.3 Conclusions
 - 13.4 QM Coordination
- V - 14. Using Quality Improvement Tools**
 - 14.1 Ishikawa's Seven Tools
 - 14.2 Use in Quality Management
 - 14.3 QI Team Tools
 - 14.4 Brainstorming
 - 14.5 Affinity Diagram
 - 14.6 Delphi Technique
 - 14.7 Multivoting/Nominal Group Process
 - 14.8 Prioritization Matrix
 - 14.9 Flowchart
 - 14.10 Cause-and-Effect Diagram
 - 14.11 Events and Causal Factors Chart
 - 14.12 Force Field Analysis
 - 14.13 Task List
 - 14.14 Gantt Chart
 - 14.15 Storyboard

- V - 15. Reporting Techniques**
 - 15.1 Reporting
 - 15.2 QI Project Reporting
 - 15.3 Technical Report Preparation
- V - 16. Computerization**
 - 16.1 Goals and Objectives
 - 16.2 Design and Implementation Issues
 - 16.3 Evaluating and Selecting Software to Support QM/PI
 - 16.4 Computer Hardware Systems and Terminology

CHAPTER VI: PEOPLE MANAGEMENT

- VI - 1. Leader as Motivator**
 - 1.1 Setting the Climate
 - 1.2 Motivation Theories
- VI - 2. Time Management**
- VI - 3. People in the Performance Improvement Process**
 - 3.1 The Value of People
 - 3.2 Three Types of Healthcare Processes
 - 3.3 The "Triple Role" in Performance Improvement
 - 3.4 Participative Management
- VI - 4. Empowerment, Decision Making, and Problem Solving**
 - 4.1 Empowerment
 - 4.2 Decision Making
 - 4.3 Problem Solving
- VI - 5. Change Management**
 - 5.1 Organizational Change
 - 5.2 Change Strategies
- VI - 6. Team Coordination**
 - 6.1 Teamwork and Group Process
 - 6.2 QI Team Structure
 - 6.3 Roles within Quality Improvement Teams
 - 6.4 QI Team Process
 - 6.5 Meeting Management
 - 6.6 Crew (Team) Resource Management
- VI - 7. Communication**
 - 7.1 Description
 - 7.2 Organizational Communication
 - 7.3 Effective Communication
 - 7.4 Written Communication
 - 7.5 Effective Verbal Presentations
- VI.-8. Working with Consultants**
 - 8.1 Selection
 - 8.2 Deliverables
- VI - 9. Employee Selection**
 - 9.1 Human Resource Management
 - 9.2 Labor Practice Legislation
 - 9.3 The Employee Selection Process
 - 9.4 Essential Job Functions and Skills
- VI - 10. Staff QM/PI Orientation, Training, and Education**
 - 10.1 Organizationwide QM/PI Understanding
 - 10.2 1QM/PI Orientation and Training
 - 10.3 Adult Learning Concepts
 - 10.4 Dimensions of Effective Teaching
 - 10.5 Teaching Tactics

10.6 Program Development Process

VI - 11. Staff Performance

11.1 Recognition and Reward for QM/PI

11.2 Productivity

11.3 Performance Appraisal, Competency Assessment, and Counseling

11.4 Staffing Effectiveness

CHAPTER VII: STANDARDS AND SURVEYS

VII - 1. Accreditation Concepts

1.1 Definitions and Purpose

1.2 Motivations to Participate

1.3 Compliance with Standards

1.4 Accreditation Determinations

1.5 Deemed Status

VII - 2. Accrediting Agencies

2.1 U.S. Listing

2.2 The Joint Commission

2.3 National Committee for Quality Assurance

2.4 URAC/American Accreditation for Health Care Commission

2.5 Healthcare Facilities Accreditation Program

2.6 International Accreditation

VII - 3. Accreditation Survey Readiness

3.1 Preparedness/Continuous Readiness

3.2 Periodic Self-Assessment/Pre-Survey Prep

VII - 4. Survey Process

4.1 The Joint Commission Onsite Process

4.2 The NCQA Survey Process

VII - 5. Healthcare Licensure in the U.S.

5.1 Key Licensure Issues

5.2 Types of Licensed Organizations

5.3 Issues in Managed Care

VII - 6. Joint Commission International Standards

6.1 Standards Development for Hospitals

6.2 Quality Improvement and Patient Safety Standards

VII - 7. ISO 9000:2000 Standards

7.1 Background

7.2 Standards

7.3 Registration

VII - 8. External Quality Awards

8.1 Malcolm Baldrige National Quality Award

8.2 European Foundation for Quality Management

8.3 Magnet Recognition Program®

CHAPTER VIII: FEDERAL LEGISLATION

VIII - 1. Federal Program Participation and Quality Improvement Organizations

1.1 HCFA Name Change

1.2 Medicare/Medicaid Conditions of Participation

1.3 Quality Improvement Organizations and Medicare Scope of Work

VIII - 2. Budget Reconciliation Acts

2.1 COBRA 85

2.2 OBRA 86

2.3 OBRA 87

2.4 OBRA 89

2.5 OBRA 90

2.6 OBRA 93

VIII - 3. Balanced Budget Act of 1997

- 3.1 Medicare Provisions
- 3.2 Medicaid Provisions
- 3.3 State Children's Health Insurance Program
- 3.4 Balanced Budget Refinement Act of 1999
- 3.5 Benefits Improvement and Protection Act of 2000

VIII - 4. Medicare Modernization Act

- 4.1 2004 Provisions
- 4.2 2005 Provisions
- 4.3 2006 Provisions

VIII - 5. Healthcare Quality Improvement Act of 1986

- 5.1 Peer Review Immunity
- 5.2 Mandatory Reporting
- 5.3 National Practitioner Data Bank
- 5.4 Amendments to HCQIA
- 5.5 Early Court Challenges

VIII - 6. Patient Self-Determination Act of 1990

- 6.1 Application
- 6.2 Requirements

VIII - 7. False Claims Act of 1863

- 7.1 Background
- 7.2 FCA Provisions

VIII - 8. Health Insurance Portability and Accountability Act of 1996

- 8.1 General Provisions
- 8.2 Three Sets of Standards

VIII - 9. Other Pertinent Federal Legislation

- 9.1 Patient Rights and Responsibilities Legislation
- 9.2 Clinical Laboratory Improvement Act (CLIA) of 1988
- 9.3 Safe Medical Devices Act (SMDA) of 1990
- 9.4 Americans with Disabilities Act (ADA) of 1990

VIII - 10. Federal Occupational Safety and Health Act (OSHA) of 1970

- 10.1 Provisions

VIII - 11. National Healthcare Reform

- 11.1 1994 Proposed Legislation: The National Quality Management Program
- 11.2 Medicare Reform
- 11.3 Medicaid Reform Projects
